

## SLQS Midsummer Night 2011 – Supported where needed

The celebration of summer was not concluded simply on 15<sup>th</sup> September 2011 having a successful Peduru Party. It was extended to our needy Sri Lankans back in Sri Lanka. The “Ape Kattiya” music band who entertained us absolutely free of charge at the mid-summer night to all us, have also not stop their journey of charity. They continue with their charity work with the reasonable contribution made by SLQS-UAE at the mid-summer night. Now we can be satisfied that we enjoyed but not forget our fellow needy Sri Lankans.

The “Ape Kattiya” has informed SLQS that with our support at that mid-summer night the surgery of Jerusha's has been completed successfully. The “Ape Kattiya” had been managed to raise around Rs 800,000.00 from the UAE alone and collectively all the Sinhala bloggers have raised Rs. 1.1 million to buy the hearing equipment which costs Rs. 1.8 million.

You can find the precise details about the fund drive in the following blog post or the [By Clicking](#) here for the PDF report:

SLQS-UA take this opportunity to praise your generosity and thank you very much for your kind contributions at the Mid-summer night 2011 which helped them to achieve this worthy cause.

Also, highly admire the “Ape Kattiya’s” effort and commitments toward these works.
